MicroDust Pro	Personal Dust Monitor	\$ 50.00	\$150.00	\$350.00
Surveyor XP40	Optical Particle Counter	\$ 50.00	\$150.00	\$350.00
Dust Detective	Dust Monitor	n/a	\$545.00	\$1,526.00
Noise & Sound Monitors				
DBadge2	Personal Noise Dosimeter	\$50.00	\$180.00	\$540.00
CEL-630	Integrated Digital Sound Meter Kit	n/a	\$545.00	1,526.00

APEX2 | PERSONAL SAMPLING PUMP

The Apex2 range of sampling pumps has class-leading performance, and all models are Intrinsically Safe for use in flammable atmospheres. Get connected with the Airwave® mobile software and easily send data directly to your laptop.

Features:

- Bluetooth® and Airwave app
- Wearer acceptance
- Motion sensing
- Simple operation
- Innovative features
- Easy reporting
- Great battery life
- IP65
- ANZEx Certification
- 0.8 to 5 LPM

Included Accessories		Optional Accessories		
• Carry case • Charger • Download software & USB cable		• Tubing (must be purchased) • Bag fill adaptors • Low flow adaptor

FLOW DETECTIVE | PERSONAL SAMPLING PUMP CALIBRATOR

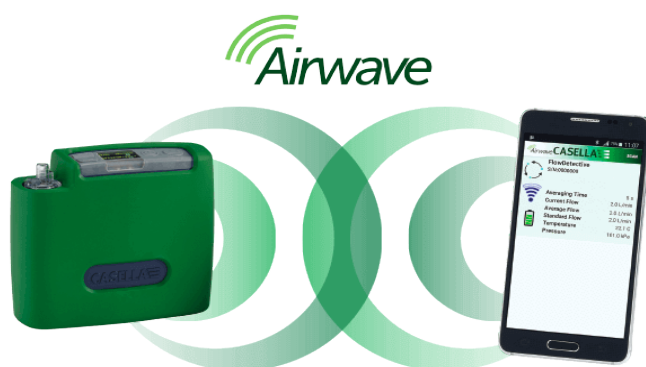

The Flow Detective is designed with ruggedness and accuracy in mind. With renowned ease of use, calibration of air sampling pumps just got quicker and easier. Use Airwave on your mobile device to connect remotely to the Flow Detective and send calibration information via email.

Features

- High accuracy calibration
- Pulsation on detection
- Simple operation
- Rugged design
- Long battery life
- Wide flow measurement
- Bluetooth connectivity
- Closed loop, wireless calibration with Apex2

	Week	\$ 180.00
	Month	\$ 300.00

XPP | PERSONAL DUST MONITOR

The XPP personal dust monitor is a real-time device that continuously measures airborne dust exposure in occupational environments. It is primarily used to assess workplace dust levels and safeguard worker health.

Features

- Simultaneously detects key particulate fractions: PM1.0, PM2.5, Respirable, and PM10
- Compact and wearable, the clip-on personal monitor is suitable for all-day use on-site
- Colour display for live readings and exposure information, and provides a large onboard data logging capacity
- Time Weighted Average (TWA) and Short-Term Exposure Limit (STEL) for occupational hygiene assessments
- Built-in Wi-Fi and a web server enable wireless data downloads (CSV) and setup from phones or laptops.
- Optional cloud support allows remote access and data aggregation (via firmware/cloud subscription)

Hire Rates	
Day	\$ 50.00
Week	\$ 150.00
Month	\$ 350.00

MICRODUST PRO | PERSONAL DUST MONITOR

The Microdust Pro is a real-time handheld data-logging instrument for detecting airborne dust, fumes, and aerosols. It is ideal for walk-through surveys and for checking the effectiveness of control measures.

Features

- Easy to use, providing qualitative data that cannot be obtained by gravimetric air sampling methods
- Versatile - can be used with a range of accessories for static and size-selective sampling applications. The screens are colour coded to ease navigation.
- Real-time readings are displayed on the large display, along with average levels.
- Logs the data for later download and review.
- Factory calibrated using ISO 12103-1 Fine Dust
- Can be field calibrated
- Can be used in conjunction with a personal sampling pump and gravimetric adaptors for size selection:
- Total Inhalable, Respirable or PM2.5 and PM10.
- An enclosure is available for static, longer measurements.

Hire Rates	
Day	\$ 50.00
Week	\$ 150.00
Month	\$ 350.00

SURVEYOR XP40 | OPTICAL PARTICLE COUNTER

The Surveyor XP40 Dust Monitor is a powerful, portable instrument designed for real-time spot measurement of airborne dust and particulate emissions.

Measures dust concentrations up to 30,000 $\mu\text{g}/\text{m}^3$, enabling reliable monitoring even in high-dust applications such as mining, construction, and roadside monitoring. Alongside mass concentration, the instrument simultaneously displays particle counts per litre (#/L), providing deeper insight into airborne particle behaviour and exposure levels.

Features

- Capable of detecting particles from 0.3 μm to 40 μm , providing accurate measurement of mass concentration and particle counts
- Weighs 495 g designed for portability and ease of deployment
- Typical runtime of up to 15 hours
- Built-in connectivity features, including a cloud-ready platform and an onboard web server.

Hire Rates	
Day	\$ 50.00
Week	\$ 150.00
Month	\$ 350.00

DUST DETECTIVE | DUST MONITOR KIT

For site operators and managers who require area dust monitoring, the Dust Detective is an ideal survey tool.

The Dust Detective is a ruggedised enclosure that can hold a Microdust Pro real-time dust monitor and an Apex2 personal air-sampling pump. The unit is simple to assemble and allows static air samples to be undertaken on site.

Features

- IP65 enclosure is fully weatherproof, and can be secured in location with padlocks (not supplied) for extra security
- Internal dry cell batteries allow operation for 13 hours
- Respirable, PM10 and PM2.5 fractions can also be monitored by utilising special inlet foams on the sampling inlet.

DBADGE2 | PERSONAL NOISE DOSIMETER

The dBadge2 is the next generation of personal noise dosimeters, offering features previously available only in the most advanced handheld sound level meters. The dBadge2 personal noise dosimeter is the ideal tool for a variety of workplace noise assessments and campaigns, with the added benefit of Bluetooth® connectivity, allowing you to connect it to your smartphone or mobile device.

Features

- Airwave software to check monitoring remotely
- Multiple 'simulated' dosimeters
- Simple operation
- Rugged design
- Long battery life
- Full colour display
- 1 second time history profiling
- Motion sensing
- Pause function
- Measures all noise dose parameters simultaneously
- Audio recording for voice notes and level-triggered events

Included Accessories	Hire Rates	
	Day	\$ 60.00
	Week	\$ 180.00
	Month	\$ 540.00

- Calibrator
- USB Cable
- Data logging software

63X SERIES CEL-630 | INTEGRATED DIGITAL SOUND METER

Ideal for noise-at-work applications. The digital sound level meter, CEL-630, is designed to make workplace noise measurements as fast and simple as possible. The CEL-63x Series personal sound level meter is the most versatile meter available, ideal for noise-at-work applications (ISO 9612, OSHA). Ensure compliance with workplace noise legislation using the CEL-632, and assist with selecting hearing protection.

Hire of 633C1.KIT includes Series Logging Environmental 1/3 Octave Band Sound Level Meter Class 1 with Class 1 Calibrator.

Casella 63x Series" Logging Environmental 1/3 Octave Band Sound Level Meter Class 1 Kit

Features

- Easy to use switch-on-and-go functionality
- Latest digital technology with a high-resolution colour TFT display
- Pre-configured set-ups for occupational and environmental measurements
- Voice notes to annotate measurements
- Audio (WAV) recording
- Single measurement range up to 140dB, no range adjustment required
- Data markers, back erase function and audio recording
- Level-triggered events for transient measurements
- Real-time octave and 1/3 octave measurements
- Simultaneous measurement of all parameters with all frequency and time weightings
- Class 1 or Class 2 models available
- 2GB memory – more than 1 year of data storage
- Removable pre-amp
- Environmental outdoor kit available

TERMS & CONDITIONS OF HIRE

The Customer hereby rents from Control Equipment Pty Ltd, as referred to in the Rental Agreement, all items, articles, accessories, documents (including operating manuals), or things supplied with the Equipment on the following terms and conditions.

1. CASUAL RENTAL

1.1 The rental period commences at 9:00 am on the Rent Start Date, shown on the Rental Agreement. The rental agreement excludes Saturdays, Sundays and Public Holidays. If the Equipment is not returned by the return date specified in the Rental Agreement, rental charges will continue to accrue until the Equipment is returned (complete with all accessories and undamaged) and charged at the daily/weekly, or monthly rate.

In the event of early return before the expiry of one calendar day, Control Equipment Pty Ltd will adjust the rental charge to reflect the shorter rental duration.

1.2 The rental period may be extended beyond the period stated on the rental agreement and will be invoiced in advance at the regular rate.

1.3 Equipment returned to the Control Equipment Pty Ltd office (complete with all accessories and undamaged) from which it was dispatched to the Customer before 9:00 am on any business day will be deemed to have been received on the previous calendar day. Equipment received after 9:00 am on any business day will be recorded as received on that business day.

2. DEBIT AUTHORITY

When the Customer has given a credit card or account debit authority, Control Equipment Pty Ltd are hereby authorised to debit all fees and charges payable under this agreement to the Customer's card or account, whether owing now or in the future.

3. OTHER CHARGES

The Customer shall be responsible for the payment of all costs, taxes, charges and expenses which arise or are incurred by virtue of this rental.

4. OVERDUE PAYMENTS

If any amount is due and unpaid, the Customer agrees to pay interest on the overdue amount at a rate 7% above the Reserve Bank of Australia's 90-day bill rate, calculated daily until payment in full is received and the Equipment has been returned. The Customer is liable for all additional costs that Control Equipment Pty Ltd may incur, including legal, administrative, and collection costs incurred in recovering unpaid amounts.

5. DELIVERY AND RETURN OF EQUIPMENT

Delivery of Equipment to the Customer shall take place at the premises set forth in the Rental Agreement, at the Customer's expense and risk.

Return of the Equipment by the Customer is solely at the Customer's expense and risk, even if arranged by Control Equipment Pty Ltd, and shall be to the premises of Control Equipment Pty Ltd from where the Equipment was dispatched.

The Customer agrees not to ship the Equipment by Australia Post.

6. CUSTOMER'S COVENANTS

6. The Customer agrees with Control Equipment Pty Ltd that:

- a) the Equipment shall remain the property of Control Equipment Pty Ltd and the Customer is only a bailee of the Equipment on the terms and conditions set out in this Rental Agreement;
- b) the Customer shall not sell, charge, pledge or part with possession of the Equipment;
- c) the Customer shall keep the Equipment at the delivery address specified in the Rental Agreement unless prior written permission has been obtained from Control Equipment Pty Ltd to relocate the Equipment elsewhere;

- d) the Customer shall use the Equipment carefully and properly and not interfere with it or allow anyone else to do so.
- e) The Customer shall notify Control Equipment Pty Ltd immediately if any judgment or order is entered against the Customer or the Customer's property, if a petition is presented for the liquidation of the Customer, if an Administrator or Receiver is appointed, or if a scheme of arrangement is proposed.
- f) the Customer shall permit Control Equipment Pty Ltd, its agents or servants to enter the premises where the Equipment is located at all reasonable times to inspect the Equipment or carry out repairs to the Equipment;
- g) the Customer requires and will utilise the Equipment for its business purposes;
- h) the Customer shall keep the Equipment in a safe and proper location;
- i) the Customer shall not alter or modify the Equipment without the prior written consent from Control Equipment Pty Ltd;
- j) whilst in the care, custody or control of the Customer, the Equipment shall at all times be at the risk of the Customer;
- k) the Customer accepts full responsibility for all rented equipment, including its use in accordance with any operating instructions provided or Government Regulations.
- l) the Customer will in respect of the Equipment comply with all State, Territory and Federal Laws; and
- m) the Equipment, when returned to Control Equipment Pty Ltd, will not contain any information in or associated with it that would, if received by Control Equipment Pty Ltd or any other person, breach State, Territory or Federal privacy laws.

7. WARRANTY

Control Equipment Pty Ltd warrants that the rented Equipment is of merchantable quality. Nothing in these terms and conditions shall restrict, modify or exclude any conditions, warranties, rights or liabilities that may at any time be implied in this Rental Agreement by any State, Territory or Commonwealth law, including the conditions or warranties implied by the Trade Practices Act 1974 (as amended), where doing so would render any provisions of this Rental Agreement void or unenforceable.

Other than as expressly provided for in this Rental Agreement, the Customer acknowledges that it has not relied on any statement or representation by Control Equipment Pty Ltd in respect of the Equipment or its use by the Customer, irrespective of whether the Customer's purpose for using the Equipment is known to Control Equipment Pty Ltd. The Customer acknowledges that, under no circumstances is

Control Equipment Pty Ltd is responsible or liable for any failure or unsuitability of the Equipment to perform the purpose required by the Customer.

8. MAINTENANCE

Control Equipment Pty Ltd shall, at its expense, when it deems necessary, provide maintenance and recalibration for Equipment, and shall use its best endeavours to expeditiously repair or replace Equipment that may become defective during the rental period through no fault of the Customer.

If the Equipment does not operate properly, the Customer shall notify Control Equipment Pty Ltd and request instructions before taking any action. Control Equipment Pty Ltd may, at its sole and absolute discretion and for such length of time as it deems expedient, replace the Equipment with another of the same type or model as shall, for the time being, be available, and the Equipment so substituted shall be subject to these conditions.

9. SAFEKEEPING

The Customer is responsible for the safekeeping of the Equipment and shall bear the risk of any loss, theft, damage or destruction of the Equipment.

If the Equipment requires repair, recalibration or replacement as a result of the Customer's use of the Equipment, the Customer shall bear the cost of any such repair, recalibration or replacement, including any freight charges occasioned.

The Customer shall pay to Control Equipment Pty Ltd the new replacement cost, as assessed by Control Equipment Pty Ltd, of the Equipment that is lost, stolen, destroyed, or damaged beyond repair.

The Customer shall pay Control Equipment Pty Ltd a reasonable calibration and refurbishment fee if ownership labels, calibration seals, or anti-tamper notices affixed to the Equipment are removed or defaced.

Any item, article, accessory, document, or thing supplied in conjunction with the Equipment (including operation manuals) not returned to Control Equipment Pty Ltd on cessation of the rental period shall be paid for by the Customer, with a fee determined by Control Equipment Pty Ltd, charged to the Customer's account.

In respect of damage or loss of Equipment, or failure to return all of the Equipment which may render the Equipment unusable, the rental period shall continue, and the Customer shall continue to pay rental until the Equipment has been returned or repaired, or the replacement cost of new Equipment or accessories has been paid by the Customer. The Customer indemnifies Control Equipment Pty Ltd for all loss or damage suffered as a result of such damage or loss to, or failure to return, the Equipment and accessories.

10. CUSTOMER DEFAULT, TERMINATION & REPOSSESSION

If the Customer is in breach of this Rental Agreement, Control Equipment Pty Ltd shall be entitled to treat this Rental Agreement as repudiated by the Customer and, with or without notice, accept the repudiation and terminate this Rental Agreement. On termination, the Customer shall immediately, at its own cost and expense, return the Equipment to Control Equipment Pty Ltd. If the Equipment is not returned, Control Equipment Pty Ltd may repossess the Equipment and charge the Customer for all of its costs and expenses incurred in doing so. Any such termination shall not prejudice any right to recover unpaid rent or any rights and obligations.

11. INDEMNITY

The Customer agrees to indemnify Control Equipment Pty Ltd and be responsible for all costs, charges and other liabilities incurred by Control Equipment Pty Ltd as a result of the Customer's breach of any of these terms and conditions or as a result of Queensland enforcement of any of these terms and conditions or arising out of or in any way connected with the use of the Equipment.

12. SEPARATE ITEMS OF EQUIPMENT

Where more than one item of Equipment is supplied under this Rental Agreement, in interpreting this Rental Agreement, the singular shall be read as the plural where appropriate and the rental shall be apportioned to each item of Equipment as set forth in the Rental Agreement and the conditions herein set forth shall apply separately to each individual item of Equipment as though each item of Equipment was subject to separate Agreement.

13. LIABILITY

13.1 If the Equipment does not function as warranted, or in the event of any breach by Control Equipment Pty Ltd of the Rental Agreement, then, to the extent permitted by law, Control Equipment Pty Ltd's liability (if any) for any loss, damage or injury whatsoever shall be limited to the amount of the monthly rental for the rental period in which the breach occurs, and Control Equipment Pty Ltd shall not be liable for any so-called consequential loss.

If this Rental Agreement constitutes a supply of goods or services to a consumer, as defined in the Trade Practices Act, as amended, or relevant State or Territory legislation, nothing in this Rental Agreement excludes, restricts or modifies any condition, warranty or other obligation in relation to this Rental Agreement and the goods or the services to be supplied, where to do so would be unlawful.

In such a case, Control Equipment Pty Ltd's sole liability for breach of any such condition, warranty or other obligation, including consequential loss, shall be limited to:

- (a) replacement of goods; or
- (b) supply of equivalent goods; or
- (c) refund of the invoiced value of the goods; or
- (d) the repair of the goods; or in relation to the services:

13.2 Control Equipment Pty Ltd will not be liable for any failure to deliver the Equipment or perform services under this Rental Agreement if the failure arises from fire, embargo, strike, inability to secure materials or labour, or any other matter beyond the control of Control Equipment Pty Ltd.

In addition, Control Equipment Pty Ltd will not be liable for any delay or failure by any freight company or delivery service to deliver the Equipment to the Customer, or for any consequential loss or damage arising from the delivery of the Equipment.

14. PROPERTY

The property in the Equipment remains with Control Equipment Pty Ltd. The property in the Equipment shall not pass to the Customer until all monies owing, including rental and purchase price, have been received by Control Equipment Pty Ltd. Payments received shall be applied first to reduce any outstanding rental and interest.

15. INTELLECTUAL PROPERTY RIGHTS

All rights in relation to industrial or intellectual property, including but not limited to copyrights, patents and trademarks, are expressly reserved.

The Customer shall not make any copies or authorise any copying of anything supplied, such as software programs and operating manuals. All copies must be delivered up with the Equipment.

16. CONSUMABLES

Control Equipment Pty Ltd is entitled to separately charge for consumables including but not limited to filters, calibration gas and detection tabs supplied by Control Equipment Pty Ltd for the operation of the Equipment.

17. SUNDRY

These Terms and Conditions constitute the entire agreement between Control Equipment Pty Ltd and Customer with respect to the Equipment and shall not be amended except in writing by Control Equipment Pty Ltd. This Rental Agreement shall be governed in all respects by the laws of Queensland, and the jurisdiction of Queensland shall apply to any dispute arising out of this Rental Agreement.
